PRODUCT INFORMATION

DESCRIPTION

- Designed for ascending a rope of 8-13mm (5/16"-1/2")
- Simple and effective:- ergonomic handle allows a comfortable yet powerful grip.
- Wide opening allows the handle to be easily grasped, even with thick gloves.
- Ergonomic upper part to maximize power when pulling with two hands.
- Safety catch integrated into the body of the ascender to help prevent snagging.
- Toothed cam with self-cleaning slot optimizes performance.

SUITABLE FOR

- Working at height for rope access

INSPECTION

- Product should be inspected before each use by user, annually by a competent person. In offshore use, industry best practice is to inspect each 6 months.
