Product short description:

The new marking rod is SOPPEC's answer to the most demanding requirements of ground marking professionals.

Product description:

THE GROUND MARKING CANE IS THE ESSENTIAL TOOL OF ALL WORKS SITES

The new SOPPEC One-wheel applicator responds to the needs of the most demanding professionals looking for efficient line marking.

Properties of the marking rod

- It is flexible, light and ergonomic thanks to its composite materials and a design focusing on user comfort
- It may be customised for your brand (depending on quantities)
- It suits all aerosol sizes and is the essential tool on all sites

How to use the marking rod ?

- 1) Begin by preparing the aerosol for spraying: shake and open or remove cap.
- 2) Press on the arrow to move the slider backwards.
- 3) Position the bottom of the aerosol between the groove and the end stop.
- 4) Press on the arrow to move the slider forward and correctly place the spray nozzle in contact with the orange spray element.
- 5) Press the spray trigger.
- 6) To remove the aerosol, press on the arrow and move the slider back. Make your ground markings easier

The SOPPEC marking rod facilitates marking works and avoids postures that can cause MSDs (Musculoskeletal Disorders).
