

CORROSION PROTECTION OILS

ADDINOL CARE PROTECT SPRAY

PRODUCT DESCRIPTION

ADDINOL CARE PROTECT ACP Spray is a multi-functional spray for the reliable protection and safe lubrication of metallic components in industry, workshop, household and hobby. It is based on synthetic hydrocarbons and a carefully formulated combination of additives.

Application temperature range from -54 °C to +150 °C.

APPLICATION

- Lubricates, preserves and cleans metallic surfaces
- Recommended for the maintenance of plants and machines in industrial applications
- Ideal for the workshop, can be used on vehicle components and parts
- Practical applications around the home, garden and hobby
- Spray head for surface and spot application

DELIVERY

200 ml and 500 ml spray cans

CHARACTERISTICS

- Outstanding corrosion protection
- Forms stable lubricating film, very adhesive
- Reliable wear protection even at high loads
- Highly penetrating
- Good dissolving behaviour
- Wide temperature range
- Free of silicone and acids, without PFAS and microplastics
- Solvent-free

ADVANTAGES AND BENEFITS

- Preservation of components, even in the presence of water, penetrates moisture
- Prevents squeaking, creaking and jamming
- Supports smooth movement of components
- Ensures long life of components
- Permeates rust, loosens tight joints
- Effectively removes dirt and contamination
- Can be used in a wide range of climatic conditions, stable even in heat and cold
- No unpleasant odours

ADDINOL CARE PROTECT SPRAY

SPECIFICATIONS AND TYPICAL PARAMETERS

Feature	Test condition / Unit		ADDINOL CARE PROTECT	Method acc. to
Appearance			clear, without any visible contaminations	visual
Density	at 15 °C	kg/m ³	865	DIN 51757
Viscosity	at 40 °C	mm ² /s	17.6	ASTM D 7042
	at -40 °C	mm ² /s	3,300	
Flash point	COC	°C	186	DIN EN ISO 2592
Pour point		°C	-65	ASTM D 7346
Carbonisation tendency		%	1.1	DIN 51551-1
Copper Corrosion	3 h, 100 °C	corr.level	1	DIN EN ISO 2160
Salt spray test	72 h, 35 °C	corr.level	1/0/1	DIN EN ISO 9227-NSS

ADDINOL – The Experts for High-Performance Lubricants

We at ADDINOL develop and produce more than 600 high-performance lubricants of the new generation. Among these are automotive lubricants for highest demands and pioneering developments for industrial applications. Our customers all over the world benefit from the high and stable quality of our ADDINOL high-performance lubricants, our know-how and the individual customer advisory service of our competent experts. Our company has world wide activities. ADDINOL high-performance lubricants are distributed by more than 120 international partners.

The data given in this product sheet represent our current level of knowledge and experience. Due to the various specific application they do, however, not discharge the user from his own examination. The information provided herein may not be used to derive a legally binding warranty of specific properties or the suitability for a certain purpose of application. Detailed security-concerning and toxicological data as well as security instructions for each product can be taken from the corresponding Material Safety Data Sheets (MSDS). High-performance lubricants from ADDINOL are under continuous development. Therefore, ADDINOL Lube Oil GmbH keeps the right to change technical data in this product data sheet without notification.
