

HYDRAULIC OILS

ADDINOL HYDRAULIC OIL HVLP 15, 32, 46, 68

PRODUCT DESCRIPTION

ADDINOL Hydraulic oils HVLP are mineral oil based, zinc-containing pressure fluids with an excellent viscosity-temperature performance and possess relevant multi-grade characteristics. This assures that even under extreme temperature variations or when starting the system at low temperatures, a maximum steadiness of the operational performance of the installation is ensured.

APPLICATION

- Excellent suitability in modern hydraulic systems
- Particularly suitable for the application in outdoor hydraulic systems for all season use
- Highly suitable for operating under strongly differing temperatures, such as in barrier systems, scrap presses, sluices and weir systems
- Fit for hydrostatic circulations in building machinery, forklifts, container and municipal utility vehicles

ADDINOL Hydraulic oil HVLP 15:

- Excellent multi-grade hydraulic oil at low temperatures
- Fit as shock absorber oil according to manufacturer instructions

SPECIFICATIONS

Meets the requirements acc. to:

- DIN 51524-3 (HVLP)
- ISO 11158 (HV)
- AFNOR NF E 48603 (HV)
- CETOP RP 91 H (HV)
- DIN EN ISO 6743-4 (HV)
- Bosch-Rexroth RD/RE 90220 (without ISO-VG 15)

DELIVERY

Delivery preferable in drums and 20L cans.

CHARACTERISTICS

- Outstanding wear protection and ageing behaviour
- High shear stability and oxidation resistance
- Improved seizing behaviour
- Very good viscosity-temperature behaviour
- Multi-grade character
- Improved corrosion protection
- Very good demulsifying ability

ADVANTAGES AND BENEFITS

- Faultless operation also in multi-metal systems
- Long service life
- Reduction of wear and seizing at heavy loads, particularly at shock loads
- Particularly suitable for devices in cold surroundings (climate, mountains, winter sport regions, winter service, cold storage houses, freezing plants)
- Reduction of the product range – simplification of logistics
- Long lifetime of the devices
- Protection against infiltrated water

ADDINOL - The Experts for High-Performance Lubricants

We at ADDINOL develop and produce more than 600 high-performance lubricants of the new generation. Among these are automotive lubricants for highest demands and pioneering developments for industrial applications. Our customers all over the world benefit from the high and stable quality of our ADDINOL high-performance lubricants, our know-how and the individual customer advisory service of our competent experts. Our company has world wide activities. ADDINOL high-performance lubricants are distributed by more than 90 international partners.

The data given in this product sheet represent our current level of knowledge and experience.
