

## 2043270 15 PUMP-IT INSOLE

### DESCRIPTION

Lightweight insole with a specialized airflow technology. For every step you take, it activates the airflow system ensuring the correct arch support at all times. This unique technology pumps air from the heel to arch.

Poron® cushion insert for optimal front foot absorption.  
Manufactured to provide maximum comfort and stability for your feet.

Pump-it insole is suitable for different kinds of shoes and boots.
