

6012694 BLUESTAR POLAR

DESCRIPTION

Two layered string knitted liner. Outer layer Nylon/spandex with thin ORRA™ (NBR foam) coating and inner layer is acrylic with brushed terry and an elasticated integral wrist. The brushed acrylic terry insert keeps hands insulated and warm in cold environments. The ultra-thin full dip ORRA™ coating provides superior flexibility and performance over traditional winter gloves. Minimized particle shedding. Excellent dry and super wet grip. Actifresh sanitized to keep hands fresh.

FEATURES

- Extreme cold resistant
- Breathable
- Excellent grip in wet and dry conditions
- Ultra-thin ORRA™ nitrile coating with good dexterity
- More flexible, soft and comfortable than traditional winter gloves
- Actifresh sanitized

Print and color may vary.

SUITABLE FOR

- Cold storage
- Outdoor construction
- Precision works
- General maintenance
