

HERWE MIELOSAN

High-grade skin care cream for dry and stressed skin

Description:	<i>HERWE MIELOSAN</i> is a white, valuable, pleasantly perfumed cream with glycerine, honey and urea. Silicone free.
Composition (INCI):	AQUA, GLYCERIN, CETEARYL ALCOHOL, MEL, GLYCERYL STEARATE, NEOPENTYL GLYCOL DIHEPTANOATE, DECYL OLEATE, CETEARETH-12, UREA, SODIUM CETEARYL SULFATE, DECYLENE GLYCOL, ALLANTOIN, SODIUM DEHYDROACETATE, PARFUM, CITRIC ACID.
Properties:	<i>HERWE MIELOSAN</i> maintains hands and face and protects the skin of desiccation. Glycerine, honey and urea help to keep up the natural moisture content of the skin. The regenerating properties of urea, allantoin and the ingredients of honey as well as precious wax and oil components assure exceptional skin care. Due to its rich and concentrated formulation with a solid content of approx 50%, <i>HERWE MIELOSAN</i> is very economically in use.
Fields of application:	<i>HERWE MIELOSAN</i> was developed for the care of skin under both professional and environmental stress. <i>HERWE MIELOSAN</i> is mainly used for skin care after work or during breaks and is especially recommended for cracked, rough and reddened skin after activities which desiccates the skin. <i>HERWE MIELOSAN</i> is suited for hands and face especially for regular use.
Use:	Apply <i>HERWE MIELOSAN</i> to clean and dry skin after work as well as in breaks. Rub in thoroughly, paying particular attention to between the fingers and around the nails.
Regulatory framework:	<i>HERWE MIELOSAN</i> is subject to the Cosmetics Ordinance and corresponds to it in its current version. It does not have to be labelled according to the German Hazardous Substances Ordinance.
Storage and shelf life:	<i>HERWE MIELOSAN</i> can be kept for at least 30 months in the unopened original packaging (from date of manufacture). The expiry date is denoted on the packaging.
Packaging sizes:	100 ml tube
Disposal:	The cardboard boxes and tubes are recyclable.
