

2200753 SafetyStep 150 clog w/fixed heel strap

DESCRIPTION

Foot-shaped clog with safety. Cushioned instep and Permair® leather upper offer long-lasting protection against water. Breathable and suitable for use in cold climates at -25°C.

SafetyStep is fully lined with Politex®, which is highly durable and sweat absorbing.

SafetyStep comes with a replaceable ESD insole, which absorbs sweat, odors and moisture. Insole is washable at 30°C.

The ESD PU-sole is heat resistant up to 140°C, oil and petrol proof, and with SafetyStep Shock Absorber.

The heel strap is in a fixed position.

Print and color may vary.
