

6802128, Adj. WorkPos. lan.w/maxi karabiner, 2m

DESCRIPTION

Support lanyard with soft one handed-adjusting grip. Built from aluminium hardware and 11 mm kernmantle construction polyamide rope, this product is excellent in poor weather and has also been tested over sharp edges. Unique construction and testing means it is certified for EN358.

This model has ANSI approved connectors with side-loaded gate tested >16 kN.
