

# Bistro Oven 347

The product information is applicable to the product in the recommended solution for use. If information about the concentrated product is required, please see the MSDS.

## PRODUCT TYPE

Alkaline Grill & Oven Cleaner

## APPLICATION

Bistro Oven 347 is a strongly alkaline product for cleaning of ovens, roasting pans, baking trays, grill elements, frying pans, sauce pans and other alkaline resistant material.

## PROPERTIES

Bistro Oven 347 effectively removes fat, protein, sugar and the like. Due to the strongly alkaline content, the product should only be used on material made of glass, iron, stainless steel and alkaline resistant, enamelled surfaces.

Bistro Oven 347 corrodes floor lacquer, oil paint, aluminium, light metal alloys, synthetic layers and linoleum. Use with caution. Use rubber gloves.

## STORAGE

Keep in closed original container.

Storage: 0 - 25 °C  
Durability: 36 months.

## SAFETY

Please see the enclosed safety data sheet for information about handling and disposal.  
For professional users only.

## INSTRUCTIONS AND DOSAGE

automatically cleaning:  
Used undiluted.

Manual Cleaning:  
Bistro Oven 347 is applied to a cold oven.

Use a plastic brush with nylon hair. Heat the oven to approx 50 °C, which eases the emulsification of fats.

Let it work for approx 15 minutes and rinse thoroughly with water.

In case of strong dirt, use Bistro Oven 347 concentrated.

Normal cleaning: dilute 1:4.

## PRODUCTDATA

Colour	Brown.
Physical state	Liquid.
Odour	Without odor.
Bulk density	1,10 kg/l
pH	
In delivery state	>13,0
