

PRODUCT NUMBER: 691

IceGrip 691

The cold protective glove IceGrip 691 glove provides excellent cold protection combined with enhanced dexterity and excellent fit. Due to its special palm coating the glove offers a firm grip even on wet objects. The extra long knitted wrist helps prevent cold from entering the glove. Breathable Thinsulate material improves comfort and cold protection, and other modern materials and fibres increase breathability while keeping moisture out of the glove. This glove is approved for food handling and processing according to EU 1935/2004.

Honeywell

Overview

Reference Number

691

Product Type

Gloves

Range

Thermal Protection

Line

Cold Protection

Brand

KCL by Honeywell

Brand formerly known as

KCL

Industry

- Building and Construction
- Food Industries
- Green Spaces
- Services
- Ship Building
- Transportation

Product Use

- transportation and logistics
- outdoor assembly work
- erection of scaffolding
- road construction
- shipbuilding
- cold storage houses

Features & Benefits

Feature

sure grip for wet parts due to shagreened/moulded surface moisture-repellent karabiner cold protection by Thinsulate® 40 g food safety according to EU 1935 / 2004

Benefit

cold resistance down to -50 °C according to EN 511 warm Thinsulate® lining extremely comfortable good mechanical resistance very durable

Technical Description

Description

polyamide glove, palm in PVC, rough surface . Knitted wrist. Thinsulate® liner.

Product Technology

Cut & sewn

Glove/liner color

Blue/black

Length

280-330

Harmlessness

In conformity with European standards

Sizes

7,8,9,10,11

EN 388 - Mechanical Hazards Abrasion Resistance

Abrasion resistance	2
Cutting resistance (Coupe test)	1
Tear resistance	2
Puncture resistance	1
Cutting resistance (TDM test)	X

EN 511- Protection in cold temperatures:

Resistance to conductive cold	1
Resistance to contact cold	2
Water permeability	0
