BlueStar COOLGRIP

DESCRIPTION

Very durable and flexible glove made of polyester and spandex. The coating with foamed nitrile gives a sandy palm and fingertips to ensure a very good grip and very high abrasion resistance. The "cool-knit" yarn contains natural materials with high thermal conductivity, which provides a cooling effect. The glove will provide a fantastic comfort for a long time without getting too warm.

FEATURES

- Very Durable
- Good grip when handling wet and oily objects
- Breathable
- Very soft and flexible
- Comfortable with cooling effect

SUITABLE FOR

- All-round glove for construction, industry, assembly and storage
- Work where high wear resistance good grip are required

Print and color may vary.
