

**PRODUCT NUMBER: 253300XR0302****CHAINEXPERT**

Metal mesh glove with patented stainless steel spring strap.

Honeywell**Overview****Reference Number**

253300XR0302

Product Type

Gloves

Range

Cut and Puncture Protection

Line

Cut and Stab resistant

Brand

Honeywell

Brand formerly known as

CHAINEX

Industry

- Food Industries

Product Use

Works when using knives or cutting and/or punching tools

Features & Benefits**Feature**

The spring-type steel strap adapts itself to any shape, due to its natural elasticity

Benefit

CHAINEXPERT gloves provide exceptional comfort.

Self-adjustable, the glove moulds itself to the hand without the need for clip-on or any other type of closure

Feature

No spare parts

Benefit

Easier to manage

Feature

100% stainless steel

Benefit

Guarantees a totally hypoallergenic glove, with no contamination risk from the fastening strap. It is bacteria-proof and easy to clean

Feature

Use of steel with a shape memory

Benefit

Ensures perfect resistance to stretching over a long period of time.

Feature

TRACING: each CHAINEXIUM glove is identified by a unique number (1 number = 1 glove): followed by the attribution of the glove, lifetime, repairs ...

Benefit

Makes easier the inventory management

Maintenance

Storage Information

After the cleaning, store the gloves in a cool, dry and well ventilated place.

Care Instructions

To ensure optimum protection, CHAINEXPERT gloves should be kept in perfect condition for use.

At least once a day, they should be scrubbed vigourously with hot soapy water (50°C) or in a mixture of hot water (50°C) and detergent.

Rinsing at 82°C minimum. Desinfection with an approved product.

They can also be cleaned in a washing machine.

Do not clean chainmail protective gloves by knocking them against a hard surface.

Any glove showing signs of a normal wear or missing chainmail must be replaced immediately by a glove in good condition. Only the manufacturer is authorised to repair defective gloves or to declare a glove beyond repair.
