

2200724 EasyStep 50 clog

DESCRIPTION

Foot-shaped clog without safety. Cushioned instep and Permair® leather upper offers long-lasting protection against water penetration. Breathable and suitable for use in cold climates down to -25°C.

EasyStep is fully lined with Politex®, which is highly durable and sweat absorbing.

EasyStep comes with a replaceable ESD insole, which absorbs sweat, odors and moisture. Insole is washable at 30°C.

The ESD PU-sole is heat resistant up to 140°C, oil and petrol proof, and with an EasyStep Shock Absorber.

Print and color may vary.
