RE: Response to Request for Information on Products

This letter is in response to your request for information regarding the following 3M product:

- 3M™ Adflo™ Li-ion-batteri, Heavy-Duty (v2), 837631, 3M id 7100279645

Due to the wide variety of requests we receive, 3M Company provides letters such as this in response to requests for regulatory information.

The following information applies to the above-listed product:

- When delivered from the battery supplier, this “Generation 2” (v2) battery has a voltage level of the cells which is between 20% to 30%. No recharge takes place at 3M. As a result the State of Charge (SOC) is 20%-30% or less, when delivered from 3M.

The information provided in this letter related to material content represents 3M’s knowledge and belief as of the date it is provided, which may be based in whole or in part on information provided by suppliers to 3M.

I trust the above information is responsive to your request. Please contact me at [ibavenstrand@mmm.com](mailto:ibavenstrand@mmm.com) if there are any additional questions.

Sincerely,  
3M Svenska AB

Ingrid Båvenstrand  
Senior Specialist Product Stewardship, North Europe Region

In the event any Product is proven not to conform with 3M's certification, then to the extent permitted by law, 3M's entire liability and Buyer's exclusive remedy, will be at 3M's option either: (i) replacement of Product with a conforming product, or (ii) refund of the purchase price paid by Buyer for each non-conforming Product, within a reasonable time after written notification of said non-conformance and return of said Product to 3M. 3M shall not under any circumstances be liable for direct, incidental, special, or consequential damages (including but not limited to loss of profits, revenue, or business) related to or arising out of this certification, including, the use, misuse or inability to use the Product. Unless stated otherwise in writing, the foregoing language cannot be waived, modified, or supplemented in any manner whatsoever.
