

# S-TEX 377

Durability meets comfort with SHOWA's cut-and-liquid resistant S-TEX 377. Engineered with our revolutionary Hagane Coil® technology, provides ANSI Cut Level A4 protection, and naturally fits the anatomy of your hand for maximum precision.

## BENEFITS

- Excellent cut resistance performance: ANSI level A4, EN 388 level D
- Double nitrile coating
- Full coating to protect from oils, hydrocarbons, grease and abrasion with long lasting grip performance under wet and oily conditions
- Foamed nitrile palm coating delivers long lasting grip with high abrasion resistance EN388 level 4
- Ergonomically designed to reduce hand fatigue, increasing productivity and dexterity
- Seamless knit liner for fit and comfort
- Liquid-proof to end of coated area

## FEATURES

- Engineered with patented Hagane Coil® technology
- ANSI/ISEA 105-2016 Cut resistance level A4, EN388: 2016 Cut resistance level 4/D
- Double-dipped, fully coated, with an extra foamed nitrile finish on palm
- 13-gauge knitted liner
- Anatomical hand shape design
- Seamless knit
- Nitrile foam grip

**LINER:**  
Stainless Steel  
Polyester  
Nylon

**GRIP:**  
Foam

**COLOR:**  
Gray/ blue coating & black palm

**COATING:**  
Nitrile

**ISO CUT  
RESISTANCE:**  
D

## INDUSTRIES

Logistics, Metallurgy, Glass and Glazing, Construction, Cementing, Automotive

**SIZE:**  
6/S  
7/M  
8/L  
9/XL  
10/XXL

**PACKAGING**  
12 pairs per polybag  
6 polybags per case  
72 pairs per case
