To whom it may concern,

Declaration on REACH registration

Moler/Diatomaceous Earth is a naturally occurring mineral which is not chemically modified and therefore exempted from registration and evaluation according to Article 2, paragraph 7b and Annex V point 7 of Regulation (EC) 1907/2006 (REACH regulation).

It is not placed on the Candidate List of Substances of Very High Concern for Authorization (Candidate- or SVHC-list) or included in Annex XIV of the REACH Regulation.

Best regards

Anni Vandet Larsen
